SkyLink TR-7 Tactical Manpack Radio

Secure wideband voice & data for units on the move

The SkyLink TR-7 is a rugged wideband manpack radio that keeps patrols, convoys and command posts connected — voice, data and position on one encrypted network, from 30 MHz to 512 MHz.

Frequency	30–512 MHz
Output power	20 W
Battery life	18 hours
Encryption	AES-256, OTAR

- Wideband 30–512 MHz, one radio for every net
- AES-256 encryption with over-the-air rekeying
- MANET IP data up to 1 Mbps
